# Career Pathway Charts for Parents and Students

## Introduction

This set of Career Pathway Chart links has been compiled as a career exploration tool for parents, students and others wishing to identify entry level positions and career pathways in industries of interest.

When emailed to recipients this set of hyperlinks provides an easy means of accessing a wide variety of industry career pathway charts. Simply place the cursor over the link and follow the prompt. All files are from a trustworthy source and can be opened without any concerns.

## Apprenticeships and Traineeships

<http://www.aajobpathways.com.au>

Contains career pathway charts for the widest range of apprenticeships and traineeships. These may be accessed on an industry or trade basis and show how further study (e.g. Certificate IV or Diploma level) can lead to a variety of highly skilled roles. Also has links to apprenticeship support services/incentives and programs e.g. Tools for Your Trade. Click Search>Job Pathway Charts>Select an Industry>Select Job Pathway Chart.

Australian Apprenticeships/Traineeships Training Information Service Pathway Charts

[http://www.aatinfo.com.au/default\\_job.cfm?u=50&cfid=293426&cftoken=e3055ff667123bad-287A3717-A266-F701-A7F85886B771C2F3](http://www.aatinfo.com.au/default_job.cfm?u=50&cfid=293426&cftoken=e3055ff667123bad-287A3717-A266-F701-A7F85886B771C2F3)

Pathway Charts on 80 industry sectors, linked to training package unit outlines which enable the reader to see in more detail what each course focuses on.

## Community Services and Health Industries

<http://www.communityactivecareers.com.au/Plan-your-Career-/Job-Profiles.cfm?objid=28>

A range of job profiles in both the Health and Community Service Sectors are available to browse; includes course requirements and career development information. Check out the career videos on the You Tube link.

### Community Services

<http://www.communityactivecareers.com.au/Plan-your-Career-/Career-Pathways-Community-Services.cfm?objid=963>

Shows the potential for a variety of career opportunities based on traineeship commencements, should individuals wish to continue their learning path to higher skills e.g. from Certificate 1 or 2 courses through to Cert IV or Diploma level. Click: Community Services Pathway >sector specific pathway link.

### Health Industry

[http://www.communityactivecareers.com.au/UserUploadedEditor/File/AATINFO\\_HLT07\\_Health\\_Jobs\\_Pathways\\_Chart\\_2007\\_with\\_hyperlinks.pdf](http://www.communityactivecareers.com.au/UserUploadedEditor/File/AATINFO_HLT07_Health_Jobs_Pathways_Chart_2007_with_hyperlinks.pdf)

Shows the potential for a variety of career opportunities based on traineeship commencements, should individuals wish to continue their learning path to higher skills e.g. from Certificate 1 or 2 courses through to Cert IV or Diploma level. Click: Career Pathway Health >sector specific pathway.

## Service Industries

<http://careersgateway.serviceskills.com.au>

See the Students, or Parents section and click on Job Sector Profiles to learn about the sectors that make up the service industries. For advice on choosing a career, and to access other useful resources, go to the Career Planning section.

### Hospitality Sector

[www.discoverhospitality.com](http://www.discoverhospitality.com).

Browse the Where Can I Work? industry sectors and the What Can I do? roles in each sector.

## Transport and Logistics Industry

[http://www.transportal.com.au/lenya/tlp/live/idv/career/Career\\_Pathway\\_Chart.pdf](http://www.transportal.com.au/lenya/tlp/live/idv/career/Career_Pathway_Chart.pdf)

Lists occupations according to industry sectors e.g. maritime/aviation and the qualifications required.

<http://www.transportal.com.au/lenya/tlp/live/idv/career.html>

This link allows you to complete the interests chart and matches your interests with a wide range of occupations and related training in the transport industry. Click on Start to begin, or Occupations to select from the wonderful range of career opportunities.

## Government and Community Safety Industry

[http://www.careergov.com.au/index.php?option=com\\_content&task=view&id=139&Itemid=145](http://www.careergov.com.au/index.php?option=com_content&task=view&id=139&Itemid=145)

Provides career charts in Local Government, Water, and the Correctional Services sectors (Public Sector and Public Safety sectors charts are under development).

[http://www.careergov.com.au/index.php?option=com\\_sm2careergov&Itemid=100](http://www.careergov.com.au/index.php?option=com_sm2careergov&Itemid=100)

This Careers Directory lists a range of careers in each of the Correctional Services, Water Industry, Public Safety, Public Sector and Local Government sectors. Job profiles, including personal attributes, are provided and career development opportunities for each role are indicated. Career videos and Qualification Frameworks (pathways) are also listed.

## Electro-technology, Communications, and Energy Utilities Industries

<http://www.ee-careers.com.au/>

Provides a careers chart with links to each occupation, job descriptions and pre apprenticeship tests.

<http://www.ee-oz.com.au/powerup/Main.htm>

View the powerUp careers CD: choose industry sectors that interest you most and check out related careers.

<http://www.ee-oz.com.au/resources/misc/2783.pdf>

Shows the potential for career opportunities based on traineeship commencements in various industry streams, should individuals wish to continue their learning path to higher skills e.g. from Certificate 1 or 2 courses through to Cert IV or Diploma. Also, includes several qualifications pathway charts showing optional ways of progressing through to higher skill levels (Diploma/Advanced Diploma)

## Resources and Infrastructure Industries

<http://www.peopleforthefuture.com.au/careers>

Select an occupation of interest to connect with pathway charts, including linkages to relevant courses, related positions, training providers and career videos. Has provision for exploration of possible career pathways from any occupational level. Includes a Career Opportunities Section for exploration of resource industry careers by major categories!

### Mining

[http://www.miningcareers.com/\\_data/assets/pdf\\_file/0008/28871/Career\\_Pathways\\_in\\_Mining-1.pdf](http://www.miningcareers.com/_data/assets/pdf_file/0008/28871/Career_Pathways_in_Mining-1.pdf)
